

LEISURE BUILDING, ULLENHALL

The complex includes a swimming pool both indoor and outdoor, sauna, steam room, gym, Jacuzzi, subterranean cinema and games room. An overhead door can be brought down to enclose the indoor element of the pool in inclement weather and recessed covers appear from their unobtrusive underground store to cover the external element of the pool when required. The outdoor pool has an infinity edge which looks over the Warwickshire countryside beyond. All of the sides of the main building have fully glazed sliding folding doors which can be opened up to create an open pavilion.
